MICHELIN XGC

High speed radial tyre for mobile cranes and special machines

SIZES	TREAD DEPTH	
	mm	32 rd inch
445/80 R 25 TL 170E	28	35,3
525/80 R 25 TL 179E	31	39,1

➤ PRECISE HANDLING

- Non-directional tread with bridging rubber between tread blocks

➤ PERMITS OPERATION AT HIGHER SPEEDS

- Optimised rubber compound

➤ EXCELLENT DAMAGE PROTECTION

- Reinforced sidewalls

➤ EXCELLENT PERFORMANCE ON AND OFF-ROAD

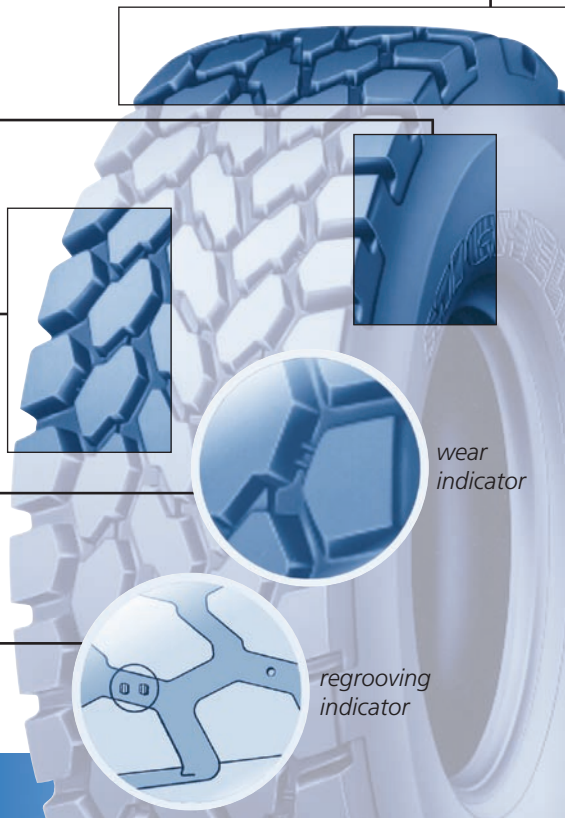

- Versatile tread with independent tread blocks

➤ IMPROVED TYRE MONITORING

- Wear indicator

➤ INCREASED PROFITABILITY

- Regroovable

REPAIRABLE AND TECHNICALLY REGROOVABLE TYRE

BENEFITS OF THE MICHELIN® RADIAL TECHNIQUE

- longer tyre life
- better traction on all types of surface
- lower fuel consumption
- improved comfort
- increased resistance to punctures / flats
- increased heat resistance
